Notice of Non-Responsive Amendment

The reply filed on October 12, 2004, is not fully responsive to the prior Office Action because it does not include a response to the formal drawings requirements as set forth in the form "Notice of Draftsperson's Patent Drawing Review" (form PTO-948), included with the most recent office action (July 6, 2004).

As per 37 CFR 1.85(a), "Unless applicant is otherwise notified in an Office action, objections to the drawings in a utility or plant application will not be held in abeyance, and a request to hold objections to the drawings in abeyance will not be considered a *bona fide* attempt to advance the application to final action." Since the reply filed on October 12, 2004, did not include formal drawings in response to the drawing requirements made in the office action, the reply is not considered *bona fide*.

Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.
